PROFESSIONAL AFFILIATIONS AND ACTIVITIES

Section Editor for the Pragmatics & Semantics section of *Language and Linguistics Compass* (2022- present).

B. ACADEMIC HISTORY

RESEARCH ENDEAVOURS

Semantics and Pragmatics, Semantic typology, Language Documentation and Description.

My work integrates theoretical and experimental research in the field of cross-linguistic semantics. I investigate how semantic representations in different domains are encoded in linguistic constructions and how this encoding varies across languages. Most of my research has focused on the conceptual domain of counting and measuring.

RESEARCH AWARDS

UNIVERSITY OF TORONTO (INTERNAL GRANTS): RESEARCH
